

Dita Pelaj

Data Science Student | dita_s@live.com | [Portfolio](#) |

Motivated Data Science student with a strong computer science background and hands-on front-end development experience. Passionate about data-driven problem-solving and continuously enhancing analytical skills. Additionally, interested in theoretical computer science, especially automata theory.

EDUCATION

University of Potsdam

Potsdam, Germany

MSc. Data Science

Oct 2024 – present

- Developed AI-based systems, building and training ANN and CNN models to predict train delays from weather data.
- Applied statistical data analysis to explore and interpret datasets, uncovering trends and insights.
- Built scalable data pipelines in Research Software Engineering, ensuring efficient storage, access, and reproducible workflows.

University of Pécs

Pécs, Hungary

BSc. Computer Science

2021 – 2024

- Stipendium Hungaricum Scholarship awardee
- Thesis topic: Educational Software for Formal Languages and Automata (**Error! Reference source not found.**)
- GPA: 4.57 / 5.0

University of Prishtina

Prishtina, Kosova

BSc. Mathematics (unfinished, second year)

2017 – 2020

WORK EXPERIENCE

University of Potsdam – Software Engineering Department

Potsdam, Germany

Research Assistant

Oct 2025 – present

Tech Frame

Prishtina, Kosova

Front-End Intern

Jul 2023 – Aug 2023

- Utilized HTML, CSS, and React for creating dynamic user interfaces.
- Gained a comprehensive understanding of WordPress and integrated its capabilities into web development projects.
- Connected WordPress APIs with React to enhance interactivity and responsiveness

Outdoor Kosova

Radavc, Peja, Kosova

Tour Guide

Jul 2017 – Aug 2021

- Summer job (June-September each year) in 'Sleeping Beauty' Cave in Radavc.
- Led groups of up to 30 people per tour inside the cave.

LANGUAGES

- | | | |
|---------------------------|-------------------------------|--------------------------------|
| • Albanian: <i>Native</i> | • German: <i>Intermediate</i> | • Norwegian: <i>Basic</i> |
| • English: <i>Fluent</i> | • Hungarian: <i>Basic</i> | • Serbo-Croatian: <i>Basic</i> |

SKILLS

- **Languages & Frameworks:** Python, Flask, HTML&CSS, Bootstrap, JavaScript, React, PHP, SQL, Java, SpringBoot, C++
- **Databases:** DB Modeling, MySQL, MSSQL Server, PostgreSQL
- **Tools:** Git, WordPress, Fly.io, Firebase, Docker, Jupyter, Snakemake

CERTIFICATES & COMPETITIONS

- PCEB webinar “Data Protection and Cyber Resilience” (June 2025)
- [Simonyi International Hackathon](#) - Pécs, Hungary (April 2023)
- Participation in [StartHACK](#) - Zürich, Switzerland (March 2023)
- Participation in [K&H HACK3](#) Hackathon - Budapest, Hungary (February 2023)
